## Certificate of Analysis

Date of Testing: 2026-04-21 09:43:18

Date of Next Testing: 2030-04-20 09:43:18

Product Name: **ALuminon(ATA)**

CAS Number: 569-58-4

Specifications & Purity: AR

Lot #: D2617269

SKU #: **A104152**

Version **0**

**Analysis #:** **673887**

Storage Temperature: Protected from light, Room temperature

| Parameter                                                                | Limit Values                    | Result                          |
|--------------------------------------------------------------------------|---------------------------------|---------------------------------|
| Ignition Residue                                                         | 0-2 (%)                         | 0.00000 %                       |
| Insoluble matter(c = 1%, H <sub>2</sub> O and Dilute NH <sub>4</sub> OH) | 0-0.1 (%)                       | 0.00000 %                       |
| Appearance (A104152)                                                     | Red to brown crystals or powder | Red to brown crystals or powder |
| Sensitivity to alumium                                                   | pass                            | Pass                            |
| Infrared spectrum                                                        | Conforms to Structure           | Conforms to Structure           |
