## Certificate of Analysis

Date of Testing: 2023-12-05 14:36:15

Date of Next Testing: 2027-12-04 14:36:15

Product Name: **Aluminum-nickel alloy**

CAS Number: 12635-27-7

Specifications & Purity: powder, 48-50% Ni basis, 150um

Lot #: K2329243

SKU #: **A119428**

Version: **0**

Analysis #: **026685**

Storage Temperature: Room temperature

| Parameter            | Limit Values                                     | Result                                           |
|----------------------|--------------------------------------------------|--------------------------------------------------|
| Ni basis             | 48-50 (%)                                        | 49.84000 %                                       |
| Al Basis             | 48-50 (%)                                        | 49.32000 %                                       |
| Particle size        | 145-155 (μm)                                     | 150.00000 μm                                     |
| Appearance (A119428) | Silver grey amorphous powder, granule or massive | Silver grey amorphous powder, granule or massive |
