Date of Next Testing: 2027-10-15 19:01:19

Product Name: **Ammonium copper(II) sulfate hexahydrate**

CAS Number: 13587-26-3

Specifications & Purity: $\geq 99\%$

Lot #: J2409042

SKU #: **A354944**

Version: **1**

Analysis #: **289014**

Storage Temperature: Protected from light, Room temperature

Parameter	Limit Values	Result
Purity(Iodometric Titration)	98.5-101.5 (%)	101.04 %
Appearance(A354944)	Blue Crystals or powder or crystalline powder or fused solid	Blue Crystals or powder or crystalline powder or fused solid
ICP: Confirms Cu Components	Confirmed	Confirmed
X-Ray Diffraction	Conforms to Structure	Conforms to Structure
