| Product Name:         | CD42b Mouse mAb (FITC)                                        |
| Lot #:                | ZJ24F0709107                                                  |
| SKU #:                | Ab184652                                                      |
| Version:              | 1                                                             |
| Analysis #:           | 016614                                                        |
| Clone ID:             | HIP1                                                          |
| Isotype:              | Mouse IgG1                                                    |
| Source:               | Hybridoma supernatant                                         |
| Formulation:          | Liquid                                                        |
| Concentration:        | 5µL/test                                                      |
| Buffer Solution:      | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions:   | Protected from light, Store at 2-8°C. Do Not Freeze           |
| Analysis:             | 016614                                                        |

| Parameter             | Limit Value                       | Result                            |
|-----------------------|-----------------------------------|-----------------------------------|
| Appearance(Ab184652Z) | Colourless to light yellow liquid | Colourless to light yellow liquid |
| Flow Cytometry        | Conform                           | Conform                           |
