## Certificate of Analysis

|                       |                                                               |
|-----------------------|---------------------------------------------------------------|
| Date of Testing:      | 2024-12-21 13:12:47                                           |
| Date of Next Testing: | 2025-12-21 13:12:47                                           |
| Product Name:         | Rat IgG2b-kappa (AF647), anti-Spike RBD                       |
| Lot #:                | ZJ24R1201596                                                  |
| SKU #:                | Ab212726                                                      |
| Version:              | 1                                                             |
| Analysis #:           | 012463                                                        |
| Clone ID:             |                                                               |
| Isotype:              | Rat IgG2b                                                     |
| Source:               | CHO supernatant                                               |
| Formulation:          | Liquid                                                        |
| Concentration:        | 0.5 mg/mL                                                     |
| Buffer Solution:      | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions:   | Protected from light, Store at 2-8°C. Do Not Freeze           |
| Analysis:             | 012463                                                        |

| Parameter             | Limit Value | Result      |
|-----------------------|-------------|-------------|
| Appearance(Ab212726Z) | Blue liquid | Blue liquid |
| Flow Cytometry        | Conform     | Conform     |
