## Certificate of Analysis

Date of Testing: 2026-03-02 14:19:41

Date of Next Testing: 2029-03-01 14:19:41

Product Name: **Biotin (5-fluorescein) conjugate**

CAS Number: 957494-27-8

Specifications & Purity:  $\geq 90\%$

Lot #: E2308352

SKU #: **B378953**

Version: **1**

Analysis #: **658272**

Storage Temperature: Protected from light, Store at  $-20^{\circ}\text{C}$ , Argon charged

| Parameter                              | Limit Values                                                    | Result                                                          |
|----------------------------------------|-----------------------------------------------------------------|-----------------------------------------------------------------|
| Purity(HPCE)                           | 90-100 (%)                                                      | 96.49100 %                                                      |
| Emission Maximum(in 0.1 M Tris pH 8.0) | 519-529 (nm)                                                    | 526.98000 nm                                                    |
| Appearance(B378953)                    | Orange to Dark Orange and Red-Orange and Red to Dark Red Powder | Orange to Dark Orange and Red-Orange and Red to Dark Red Powder |
| NMR Spectrum 1H                        | Conforms to Structure                                           | Conforms to Structure                                           |
