## Certificate of Analysis

Date of Testing: 2022-08-24 16:27:31

Date of Next Testing: 2026-08-23 16:27:31

Product Name: **4-Chloro-2,5-dimethoxyaniline**

CAS Number: 6358-64-1

Specifications & Purity:  $\geq 98\%$

Lot #: H2218220

SKU #: **C115803**

Version: **1**

Analysis #: **104260**

Storage Temperature: Room temperature

| Parameter            | Limit Values                                                         | Result                                                               |
|----------------------|----------------------------------------------------------------------|----------------------------------------------------------------------|
| Purity(GC)           | 98-100 (%)                                                           | 99.65900 %                                                           |
| Melting point        | 116-122 (°C)                                                         | 121.30000 °C                                                         |
| NMR Spectrum 1H      | Conforms to structure                                                | Conforms to Structure                                                |
| Appearance (C115803) | White to pale brown to brown to pale grey to grey Crystals or powder | White to pale brown to brown to pale grey to grey Crystals or powder |
