| Date of Next Testing:    | 2026-11-24 16:09:41                 |
| Product Name:            | Cellulase                           |
| Lot #:                   | ZJ25F1230677                        |
| SKU #:                   | C1375523                            |
| Version:                 | 1                                   |
| Analysis #:              | 026987                              |
| Source:                  | Native                              |
| Specifications & Purity: | EnzymoPure™, Native, ≥ 4500 CNU-R/g |
| Concentration:           | 4990 CNU-R/g                        |
| Formulation:             | Liquid                              |
| Reconstitution:          |                                     |
| Storage Conditions:      | Store at 2-8°C                      |
| Analysis:                | 026987                              |

| Parameter                        | Limit Value              | Result                   |
|----------------------------------|--------------------------|--------------------------|
| Cellulase unit CNU-R             | ≥4500(CNU-R/g)           | 4990.00000 CNU-R/g       |
| pH (25°C)                        | 4.5-4.8                  | 4.70000                  |
| Absorbance det. 440nm            | 0-2                      | 0.17000                  |
| Viscosity at 25°C                | 0-100(cps)               | 11.30000 cps             |
| Appearance(C1375523)             | Amber translucent liquid | Amber translucent liquid |
| Total viable count ≤ 10000 CFU/g | Conform                  | Conform                  |
