## Certificate of Analysis

Date of Testing: 2025-10-31 15:57:38

Date of Next Testing: 2028-10-30 15:57:38

Product Name: **Copper(I) iodide**

CAS Number: 7681-65-4

Specifications & Purity: Anhydrous Grade, ≥99.995% metals basis

Lot #: J2524026

SKU #: **C433811**

Version: **3**

Analysis #: **465642**

Storage Temperature: Protected from light, Room temperature, Argon charged

| Parameter                             | Limit Values                                                                      | Result                                                                            |
|---------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| Total Metallic                        | 0-50 (ppm)                                                                        | 10.00000 ppm                                                                      |
