Product Name: **Decaneammonium iodide**
CAS Number: 60734-65-8
Specifications & Purity: 99.5% (4 Times Purification)
Lot #: B2309841
SKU #: **D292748**
Analysis: **152865**
Storage Temperature: Protected from light,Room temperature,Argon charged

Parameter	Limit Values	Result
Purity (Precipitation titration)	99.5-101.5 (%)	99.65 %
Appearance(D292748)	White Powder	White powder
NMR Spectrum 1H	Conforms to Structure	Conforms to Structure
