| Date of Testing:         | 2026-04-21 18:04:24                              |
| Date of Next Testing:    | 2027-04-21 18:04:24                              |
| Product Name:            | <b>Evans Blue Staining Solution (2%)</b>         |
| CAS Number:              | 314-13-6                                         |
| Specifications & Purity: | BioReagent, for microscopy, Biological Stain, 2% |
| Lot #:                   | ZJ26F0434391                                     |
| SKU #                    | <b>E1507839</b>                                  |
| Version:                 | <b>1</b>                                         |
| Analysis #:              | 033019                                           |

| Parameter               | Limit Value                                           | Result                                                |
|-------------------------|-------------------------------------------------------|-------------------------------------------------------|
| Appearance(E1507839)    | Blue opaque liquid with a unique odor and no sediment | Blue opaque liquid with a unique odor and no sediment |
| Seal Integrity Testing  | Conform                                               | Conform                                               |
| Density(0.99-1.05 g/ml) | Conform                                               | Conform                                               |
