Date of Next Testing: 2026-02-23 10:52:50

Product Name: **Fe(III) Octaethylporphine chloride**

CAS Number: 28755-93-3

Specifications & Purity: $\geq 95\%$

Lot #: B2322062

SKU #: **F339267**

Version: **2**

Analysis #: **186174**

Storage Temperature: Protected from light, Room temperature

Parameter	Limit Values	Result
Purity(As C)	95-100 (%)	97.20 %
Appearance(F339267)	blue to black powder, crystals, crystalline powder and/or chunks	blue to black powder, crystals, crystalline powder and/or chunks
NMR Spectrum 1H	Conforms to Structure	Conforms to Structure
