Product Name: **Lipoprotein, low density , Human Plasma**

CAS Number: L389977

Specifications & Purity: Solution in 150 mM NaCl and 0.01% EDTA

Lot #: E2420013

SKU # **L389977**

Version **1**

Analysis #: **138970**

Storage Temperature: Store at 2-8°C, Protected from light

Parameter	Limit Values	Result
Purity by electrophoresis	95-100 (%)	96.20000 %
Composition: 78-80% lipid, 22-20% protein	Conforms	Conforms
Molecular Weight: MW 2,300,000	Conforms	Conforms
