

## Certificate of Analysis

Date of Testing: 2024-10-12 14:27:08

Date of Next Testing: 2026-10-12 14:27:08

Product Name: **Methyl 2-amino-4 , 5-dimethoxybenzoate**

CAS Number: 26759-46-6

Specifications & Purity:  $\geq 98\%$ (GC)

Lot #: G1515062

SKU # **M136519**

Version **0**

Analysis #: **418764**

| Parameter                   | Limit Values                                                     | Result                                                           |
|-----------------------------|------------------------------------------------------------------|------------------------------------------------------------------|
| Purity(GC)                  | 98-100 (%)                                                       | 98.80 %                                                          |
| Purity(NonaqueousTitration) | 98-102 (%)                                                       | 98.00 %                                                          |
| Melting point               | 128-131 (°C)                                                     | 128.50000 °C                                                     |
| Appearance (M136519)        | White to Light yellow to Light orange to brown powder to crystal | White to Light yellow to Light orange to Brown powder to crystal |
| Infrared spectrum           | Conforms to Structure                                            | Conforms to Structure                                            |
