

## Certificate of Analysis

Date of Testing: 2025-05-23 10:24:31

Date of Next Testing: 2027-05-23 10:24:31

Product Name: **Methyl 2-amino-4 , 5-dimethoxybenzoate**

CAS Number: 26759-46-6

Specifications & Purity:  $\geq 98\%$ (GC)

Lot #: K2113036

SKU # **M136519**

Version **0**

Analysis #: **513864**

| Parameter                   | Limit Values                                                     | Result                                                           |
|-----------------------------|------------------------------------------------------------------|------------------------------------------------------------------|
| Purity(GC)                  | 98-100 (%)                                                       | 99.62 %                                                          |
| Purity(NonaqueousTitration) | 98-102 (%)                                                       | 98.50 %                                                          |
| Melting point               | 128-131 (°C)                                                     | 130.23000 °C                                                     |
| Appearance (M136519)        | White to Light yellow to Light orange to brown powder to crystal | White to Light yellow to Light orange to Brown powder to crystal |
| Infrared spectrum           | Conforms to Structure                                            | Conforms to Structure                                            |
