| Date of Testing:         | 2026-06-24 14:50:00                                                         |
| Date of Next Testing:    | 2027-06-24 14:50:00                                                         |
| Product Name:            | <b>Malachite Green Aqueous Solution (5%)</b>                                |
| CAS Number:              | 569-64-2                                                                    |
| Specifications & Purity: | BioReagent, Biological Stain, Suitable for Microbiology, for microscopy, 5% |
| Lot #:                   | ZJ26F0636736                                                                |
| SKU #                    | <b>M1508174</b>                                                             |
| Version:                 | <b>1</b>                                                                    |
| Analysis #:              | 036799                                                                      |

| Parameter                | Limit Value                                                                          | Result                                                                               |
|--------------------------|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| Appearance(M1508174)     | Blue-green opaque liquid with odorless and no sediment or a small amount of sediment | Blue-green opaque liquid with odorless and no sediment or a small amount of sediment |
| Seal Integrity Testing   | Conform                                                                              | Conform                                                                              |
| Density (1.00-1.07 g/mL) | Conform                                                                              | Conform                                                                              |
