## Certificate of Analysis

Date of Testing: 2024-05-30 17:32:32

Date of Next Testing: 2028-05-29 17:32:32

Product Name: **4-(4-Nitrobenzyl)pyridine**

CAS Number: 1083-48-3

Specifications & Purity:  $\geq 98\%$

Lot #: E2428449

SKU #: **N106588**

Version: **0**

Analysis #: **360713**

Storage Temperature: Room temperature, Argon charged

| Parameter                                                   | Limit Values                                            | Result                                                  |
|-------------------------------------------------------------|---------------------------------------------------------|---------------------------------------------------------|
| Purity(Titration by HClO <sub>4</sub> )                     | 97.5-102.5 (%)                                          | 100.06000 %                                             |
| Melting point                                               | 69-72 (°C)                                              | 70.97000 °C                                             |
| Purity(GC)                                                  | 98-100 (%)                                              | 99.00000 %                                              |
