

## Certificate of Analysis

Date of Testing: 2025-09-11 13:39:17

Date of Next Testing: 2027-09-01 13:39:17

Product Name: **Nickel bromide hydrate**

CAS Number: 207569-11-7

Specifications & Purity:  $\geq 96\%$

Lot #: B2225744

SKU #: **N107668**

Version: **0**

Analysis #: **571054**

Storage Temperature: Argon charged

| Parameter                                                    | Limit Values                                          | Result                                                |
|--------------------------------------------------------------|-------------------------------------------------------|-------------------------------------------------------|
| Purity(Titration by AgNO <sub>3</sub> )<br>(anhydrous basis) | 96-100 (%)                                            | 98.26 %                                               |
| Appearance (N107668)                                         | Yellow to gold to orange powder,crystals<br>or chunks | Yellow to gold to orange powder,crystals<br>or chunks |
| ICP: Confirms Nickel Component                               | Confirmed                                             | Confirmed                                             |
| X-Ray Diffraction                                            | Conforms to Structure                                 | Conforms to Structure                                 |
