14078 Meridian Parkway, Riverside, CA. 92518

# Certificate of Analysis

Date of Testing: 2023-06-25 15:14:31

Date of Next Testing: 2027-06-24 15:14:31

Product Name: **N-Benzyl-p-anisidine**

CAS Number: 17377-95-6

Specifications & Purity:  $\geq 98\%$

Lot #: F2305714

SKU #: **N159327**

Version: **2**

Analysis #: **208209**

Storage Temperature: Room temperature

| Parameter           | Limit Values                                                                                               | Result                                                                                                     |
|---------------------|------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------|
| Purity(GC)          | 98-100 (%)                                                                                                 | 99.34600 %                                                                                                 |
| Melting point       | 46-53 (°C)                                                                                                 | 50.33000 °C                                                                                                |
| Proton NMR spectrum | Conforms to structure                                                                                      | Conforms to Structure                                                                                      |
| Appearance(N159327) | White to silver-gray to cream to brown to pale purple to Yellow to Orange powder to crystal or fused solid | White to silver-gray to cream to brown to pale purple to Yellow to Orange powder to crystal or fused solid |
