

## Certificate of Analysis

Date of Testing: 2023-06-12 15:48:43

Date of Next Testing: 2027-06-11 15:48:43

Product Name: **4-(2-Propynyloxy)aniline**

CAS Number: 26557-78-8

Specifications & Purity: 98%

Lot #: F23051185

SKU #: **P160192**

**Analysis:** **211180**

Storage Temperature: Store at 2-8°C, Protected from light, Argon charged

| Parameter           | Limit Values                                                                                  | Result                                                                                        |
|---------------------|-----------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------|
| Melting point       | 49-59 (°C)                                                                                    | 52.66000 °C                                                                                   |
| Purity(GC)          | 98-100 (%)                                                                                    | 98.62 %                                                                                       |
| NMR Spectrum 1H     | Conforms to Structure                                                                         | Conforms to Structure                                                                         |
| Appearance(P160192) | White to Very Dark Beige and Faint Brown to Very Dark Brown to Almost white powder to crystal | White to Very Dark Beige and Faint Brown to Very Dark Brown to Almost white powder to crystal |
