

## Certificate of Analysis

Date of Testing: 2024-12-12 11:30:57

Date of Next Testing: 2027-12-12 11:30:57

Product Name: **Poly(styrenesulfonic acid sodium salt)**

CAS Number: 9080-79-9

Specifications & Purity:

Lot #: L2410031

SKU #: **P340861**

Version: **1**

Analysis #: **075656**

Storage Temperature: Room temperature

| Parameter              | Limit Values                                          | Result                                                |
|------------------------|-------------------------------------------------------|-------------------------------------------------------|
| pH (c = 10%; in Water) | 5-10                                                  | 8.49000                                               |
| Water by Karl Fischer  | 0-10 (%)                                              | 8.47 %                                                |
| Viscosity (c = 10%)    | 70-180 (cP)                                           | 125.10000 cP                                          |
| Appearance (P340861)   | Off-White to Yellow to Tan Powder, Crystals or Chunks | Off-White to Yellow to Tan Powder, Crystals or Chunks |
| Infrared spectrum      | Conforms to Structure                                 | Conforms to Structure                                 |
