

## Certificate of Analysis

Date of Testing: 2023-01-07 09:06:41

Date of Next Testing: 2026-01-06 09:06:41

Product Name: **Polyisobutylene**

CAS Number: 9003-27-4

Specifications & Purity: average Mv 1110000 , average Mw 1550000

Lot #: A2303359

SKU #: **P418824**

Version: **1**

Analysis #: **093015**

Storage Temperature: Room temperature

| Parameter              | Limit Values                 | Result                       |
|------------------------|------------------------------|------------------------------|
| Molecular Weight* (MW) | 1500000-1600000              | 1550000.00                   |
| MV                     | 1060000-1160000              | 1110000.00                   |
| Staudinger index Jo    | 241-294 (cm <sup>3</sup> /g) | 264.00000 cm <sup>3</sup> /g |
| Infrared spectrum      | Conforms to Structure        | Conforms to Structure        |
