## Certificate of Analysis

Date of Testing: 2024-09-04 11:22:50

Date of Next Testing: 2027-09-04 11:22:50

Product Name: **Poly(butyl methacrylate-co-isobutyl methacrylate)**

CAS Number: 9011-53-4

Specifications & Purity: average Mw ~354,000 by GPC, powder

Lot #: H2429382

SKU #: **P478279**

Version: **1**

Analysis #: **361448**

| Parameter                        | Limit Values                                                         | Result                                                               |
|----------------------------------|----------------------------------------------------------------------|----------------------------------------------------------------------|
| Average Molecular Weight(by GPC) | 283200-424800                                                        | 354000.00000                                                         |
| Appearance(P478279)              | white crystals, crystalline powder, or Granular powder and/or chunks | white crystals, crystalline powder, or Granular powder and/or chunks |
| Infrared spectrum                | Conforms to Structure                                                | Conforms to Structure                                                |

A handwritten signature in black ink that reads "John Su".

John Su
