| Product Name:            | Recombinant Human MICA Protein                                                 |
| Lot #:                   | ZJ24F0709104                                                                   |
| SKU #:                   | rp148798                                                                       |
| Version:                 | 1                                                                              |
| Analysis #:              | 032000                                                                         |
| Source:                  | Recombinant                                                                    |
| Specifications & Purity: | Animal Free, Carrier Free, Bioactive, Azide Free, ActiBioPure™, ≥95%(SDS-PAGE) |
| Concentration:           | 1.4mg/mL                                                                       |
| Formulation:             | Lyophilized                                                                    |
| Reconstitution:          | Reconstitute in sterile water to a concentration of 0.1-0.5 mg/mL.             |
| Storage Conditions:      | Store at -20°C, Avoid repeated freezing and thawing                            |
| Analysis:                | 032000                                                                         |

| Parameter                  | Limit Value              | Result                   |
|----------------------------|--------------------------|--------------------------|
| Molecular Weight           | 55-65(kD)                | 55.00000 kD              |
| Purity(SDS-PAGE)           | 95-100(%)                | 100.00000 %              |
| Appearance(rp148798)       | White lyophilized powder | White lyophilized powder |
| Endotoxin Level <0.1 EU/μg | Conform                  | Conform                  |
| NKG2D binding              | Conform                  | Conform                  |
