| Product Name:            | Recombinant Human Nogo Receptor Potein                             |
| Lot #:                   | ZJ25F0825394                                                       |
| SKU #:                   | rp149366                                                           |
| Version:                 | 1                                                                  |
| Analysis #:              | 037648                                                             |
| Source:                  | Recombinant                                                        |
| Specifications & Purity: | Bioactive, ActiBioPure™, ≥95%(SDS-PAGE)                            |
| Concentration:           |                                                                    |
| Formulation:             | Lyophilized                                                        |
| Reconstitution:          | Reconstitute in sterile water to a concentration of 0.1-0.5 mg/ml. |
| Storage Conditions:      | Store at -20°C, Avoid repeated freeze-thaw cycles                  |
| Analysis:                | 037648                                                             |

| Parameter                  | Limit Value              | Result                   |
|----------------------------|--------------------------|--------------------------|
| Molecular Weight (R)       | 90-110(kD)               | 94.00000 kD              |
| Molecular Weight (NR)      | 180-220(kD)              | 220.00000 kD             |
| Purity(SDS-PAGE)           | 95-100(%)                | 100.00000 %              |
| Appearance(rp149366)       | White lyophilized powder | White lyophilized powder |
| Endotoxin Level <0.1 EU/μg | Conform                  | Conform                  |
| Rat MAG binding            | Conform                  | Conform                  |
