## Certificate of Analysis

Date of Testing: 2026-03-09 13:39:06  
 Date of Next Testing: 2030-03-08 13:39:06  
 Product Name: **Sulfamide**  
 CAS Number: 7803-58-9  
 Specifications & Purity:  $\geq 99\%$   
 Lot #: B2627637  
 SKU #: **S123022**  
 Version: **0**  
 Analysis #: **653425**  
 Storage Temperature: Room temperature, Argon charged

| Parameter                                                             | Limit Values                                      | Result                                            |
|-----------------------------------------------------------------------|---------------------------------------------------|---------------------------------------------------|
| Purity( total nitrogen )                                              | 99-100 (%)                                        | 99.12000 %                                        |
| Melting point                                                         | 89-93 (°C)                                        | 92.75000 °C                                       |
| Appearance (S123022)                                                  | white to off-white powder, crystals and/or chunks | white to off-white powder, crystals and/or chunks |
| Solubility in H <sub>2</sub> O , colorless to faint yellow clear pass |                                                   | Pass                                              |
| Infrared spectrum                                                     | Conforms to Structure                             | Conforms to Structure                             |
