

## Certificate of Analysis

Date of Testing: 2023-03-21 15:48:00  
Date of Next Testing: 2026-03-20 15:48:00  
Product Name: **Triisocyanato(methyl)silane**  
CAS Number: 5587-61-1  
Specifications & Purity:  $\geq 96\%$   
Lot #: C2311676  
SKU #: **T405071**  
Version: **1**  
Analysis #: **180968**  
Storage Temperature: Argon charged

| Parameter           | Limit Values                               | Result                                     |
|---------------------|--------------------------------------------|--------------------------------------------|
| Purity(GC)          | 96-100 (%)                                 | 96.50 %                                    |
| Infrared spectrum   | Conforms to Structure                      | Conforms to Structure                      |
| Appearance(T405071) | Colorless to Almost colorless clear liquid | Colorless to almost colorless clear liquid |
| NMR Spectrum 1H     | Conforms to Structure                      | Conforms to Structure                      |
