## Specification Sheet

Product Name: **6-Aminofluorescein**  
Specifications & Purity: >97%(HPLC)  
SKU # **A107603**

| Parameter                            | Limit Values            |
|--------------------------------------|-------------------------|
| Purity(HPLC)                         | 97-100 (%)              |
| Appearance (A107603)                 | Yellow to Orange Powder |
| Infrared spectrum                    | Conforms to Structure   |
| Proton NMR spectrum                  | Conforms to Structure   |
| Solubility in MeOH , Clear , 1 mg/mL | pass                    |
