## Specification Sheet

Product Name: **Aminopyrazine**  
Specifications & Purity: **≥99%**  
SKU #: **A111242**

| Parameter            | Limit Values                                                         |
|----------------------|----------------------------------------------------------------------|
| Purity(HPLC)         | 98-100 (%)                                                           |
| Melting point        | 118-123 (°C)                                                         |
| Appearance (A111242) | White to yellow to tan to Gray to Brown powder or crystals or chunks |
| Infrared spectrum    | Conforms to Structure                                                |
| Proton NMR spectrum  | Conforms to Structure                                                |
