

## Specification Sheet

Product Name: **Arachis hypogaea lectin (PNA, Peanut Agglutinin)**  
Specifications & Purity:  
SKU # **A140087**

Parameter	Limit Values
Microbial contamination	0-100 (cfu/g)
Protein Content	95-100 (%)
Appearance (A140087)	White or pale yellow lyophilized powder
Activity:Agglutinates rabbit erythrocytes at a concentration of < 0.1 µg/ml after trypsin treatment. Agglutination is inhibited by 10 mM D-galactose	pass
Identity(SDS-PAGE),one band at 25-27 kDa	Conforms
