## Specification Sheet

|                          |                                                              |
|--------------------------|--------------------------------------------------------------|
| Product Name:            | <b>5<math>\alpha</math>-Androstan-3<math>\beta</math>-ol</b> |
| Specifications & Purity: | Moligand™, $\geq 98\%$                                       |
| SKU #                    | <b>A1429264</b>                                              |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(TLC)              | 98-100 (%)            |
| NMR Spectrum 1H          | Conforms to Structure |
| LC-MS for identification | Conforms              |
