## Specification Sheet

|                          |                                                                     |
|--------------------------|---------------------------------------------------------------------|
| Product Name:            | <b><math>\alpha,\alpha'</math>-Dihydroxy-1,3-diisopropylbenzene</b> |
| Specifications & Purity: | $\geq 98\%$ (GC)                                                    |
| SKU #                    | <b>A151015</b>                                                      |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(GC)          | 98-100 (%)            |
| Melting point       | 138-142 (°C)          |
| Proton NMR spectrum | Conforms to Structure |
