## Specification Sheet

Product Name: **3-Amino-1,2,4-triazole-5-carboxylic**  
Specifications & Purity: **≥98%**  
SKU #: **A151263**

| Parameter                                              | Limit Values              |
|--------------------------------------------------------|---------------------------|
| Purity(Nonaqueous Titration)(calcd.on dried substance) | 97.5-102.5 (%)            |
| Purity(HPLC)                                           | 98-100 (%)                |
| Appearance (A151263)                                   | White to Off-White Powder |
| Proton NMR spectrum                                    | Conforms to Structure     |
