

## Specification Sheet

|                          |                                            |
|--------------------------|--------------------------------------------|
| Product Name:            | <b>7-azaspiro[3.5]nonane hydrochloride</b> |
| Specifications & Purity: | 97%                                        |
| SKU #                    | <b>A174040</b>                             |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Appearance(A174040) | White Solid           |
| NMR Spectrum 1H     | Conforms to Structure |
| Purity(HPLC area)   | 97-100 (%)            |
