## Specification Sheet

|                          |                                             |
|--------------------------|---------------------------------------------|
| Product Name:            | <b>6-amino-1,2-dihydroisoquinolin-1-one</b> |
| Specifications & Purity: | ≥97%                                        |
| SKU #                    | <b>A175744</b>                              |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC area)        | 97-100 (%)            |
| Proton NMR spectrum      | Conforms to Structure |
| LC-MS for identification | Conforms              |
