## Specification Sheet

|                          |                                             |
|--------------------------|---------------------------------------------|
| Product Name:            | <b>beta-Amyloid Peptide (1-28) TFA salt</b> |
| Specifications & Purity: | <b>≥98%</b>                                 |
| SKU #                    | <b>A275205</b>                              |

| Parameter                | Limit Values |
|--------------------------|--------------|
| Purity(HPLC area)        | 98-100 (%)   |
| LC-MS for identification | Conforms     |
