## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Bis(2,6-diisopropylphenyl)carbodiimide</b> |
| Specifications & Purity: | Viscosity (50 ° C) : 16-24 mPas               |
| SKU #                    | <b>A298741</b>                                |

| Parameter            | Limit Values                             |
|----------------------|------------------------------------------|
| Viscosity(50°C)      | 16-24 (mPa·S)                            |
| Melting point        | 50-54 (°C)                               |
| Appearance (A298741) | White to Light Yellow Powder or Crystals |
| Proton NMR spectrum  | Conforms to Structure                    |
