## Specification Sheet

|                          |                             |
|--------------------------|-----------------------------|
| Product Name:            | <b>Allitinib (AST-1306)</b> |
| Specifications & Purity: | 10mM in DMSO                |
| SKU #                    | <b>A408612-1ml</b>          |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Concentration       | 9-11 (mmol/L)         |
| Proton NMR spectrum | Conforms to Structure |
