Specification Sheet

Product Name: **Aleuria aurantia lectin (AAL)**
Specifications & Purity:
SKU # **A419041**

Parameter	Limit Values
Appearance(A419041)	White lyophilized powder or flocculate
Molecular weight (2 identical subunits at 34 kDa)	Pass
Sugar specificity(Fucose and terminal fucose residues on complex oli)	Pass
Microorganisms	≤100 (cfu/g)
Activity(Haemagglutination/inhibition,Agglutinates human erythrocytes blood group O at > 5,0 µg/ml.)	Pass
Assay(amino acid analysis)	80-100 (%)
