## Specification Sheet

|                          |                                          |
|--------------------------|------------------------------------------|
| Product Name:            | <b>2-(Aminomethyl)-5-chlorothiophene</b> |
| Specifications & Purity: | ≥98%                                     |
| SKU #                    | <b>A489444</b>                           |

| Parameter       | Limit Values          |
|-----------------|-----------------------|
| Purity(GC)      | 98-100 (%)            |
| NMR Spectrum 1H | Conforms to Structure |
