

## Specification Sheet

|                          |                                                                                          |
|--------------------------|------------------------------------------------------------------------------------------|
| Product Name:            | <b>Albumin from porcine serum</b>                                                        |
| Specifications & Purity: | lyophilized powder, essentially globulin free, $\geq 99\%$ (agarose gel electrophoresis) |
| SKU #                    | <b>A754942</b>                                                                           |

| Parameter                                                                              | Limit Values          |
|----------------------------------------------------------------------------------------|-----------------------|
| Appearance(A754942)                                                                    | White to beige powder |
| Agarose Electrophoresis                                                                | 99-100 (%)            |
| Nitrogen                                                                               | 14.5-16.5 (%)         |
| Solubility(Faint Yellow to Yellow,Clear to Slightly Hazy,50 mg/mL in H <sub>2</sub> O) | Pass                  |
| Water by Karl Fischer                                                                  | 0-10 (%)              |
