## Specification Sheet

|                          |                                          |
|--------------------------|------------------------------------------|
| Product Name:            | <b>Methylene Blue Succinimidyl Ester</b> |
| Specifications & Purity: | ≥90%,Methylene Blue derivative           |
| SKU #                    | <b>A755437</b>                           |

| Parameter                                          | Limit Values          |
|----------------------------------------------------|-----------------------|
| Appearance(A755437)                                | blue solid            |
| Purity(HPLC area)                                  | 90-100 (%)            |
| NMR Spectrum 1H                                    | Conforms to Structure |
| Absorption Max(acetonitrile with 0.1% acetic acid) | 652-658 (nm)          |
