## Specification Sheet

|                     |                                                                              |
|---------------------|------------------------------------------------------------------------------|
| Product Name:       | Recombinant COX6B1 Antibody                                                  |
| SKU #:              | Ab097475                                                                     |
| Version:            | 1                                                                            |
| Clone ID:           |                                                                              |
| Isotype:            | Rabbit IgG                                                                   |
| Source:             | 293 supernatant                                                              |
| Formulation:        | Liquid                                                                       |
| Concentration:      | See COA                                                                      |
| Buffer Solution:    | 10mM PBS, 150mM NaCl, 50% Glycerol, 0.05% BSA,<br>0.02% Sodium azide, pH 7.4 |
| Storage Conditions: | Store at -20°C, Avoid repeated freezing and thawing                          |

| Parameter               | Limit Values      |
|-------------------------|-------------------|
| Appearance(Ab097475)    | Colourless liquid |
| Target band MW in WB    | 10-15(kD)         |
| Non-specific band in WB | Conform           |
