## Specification Sheet

|                     |                                                                             |
|---------------------|-----------------------------------------------------------------------------|
| Product Name:       | Recombinant Metabotropic Glutamate Receptor<br>2/MGLUR2 Antibody            |
| SKU #:              | Ab115076                                                                    |
| Version:            | 2                                                                           |
| Clone ID:           |                                                                             |
| Isotype:            | Rabbit IgG                                                                  |
| Source:             | 293 supernatant                                                             |
| Formulation:        | Liquid                                                                      |
| Concentration:      | See COA                                                                     |
| Buffer Solution:    | 10mM PBS, 150mM NaCl, 50% Glycerol, 0.05% BSA,<br>0.02% Sodium azide, pH7.4 |
| Storage Conditions: | Store at -20°C, Avoid repeated freezing and thawing                         |

| Parameter               | Limit Values      |
|-------------------------|-------------------|
| Appearance(Ab115076)    | Colourless liquid |
| Non-specific band in WB | Conform           |
| Target band MW in WB    | >150(kD)          |
