## Specification Sheet

|                     |                                                            |
|---------------------|------------------------------------------------------------|
| Product Name:       | NUBPL Mouse mAb                                            |
| SKU #:              | Ab118859                                                   |
| Version:            | 1                                                          |
| Clone ID:           | OTI5F8                                                     |
| Isotype:            | Mouse IgG1                                                 |
| Source:             | Hybridoma supernatant                                      |
| Formulation:        | Liquid                                                     |
| Concentration:      | See COA                                                    |
| Buffer Solution:    | 10mM PBS, 50% Glycerol, 1% BSA, 0.02% Sodium azide, pH 7.3 |
| Storage Conditions: | Store at -20°C, Avoid repeated freezing and thawing        |

| Parameter               | Limit Values      |
|-------------------------|-------------------|
| Appearance(Ab118859)    | Colourless liquid |
| Target band MW in WB    | 23-35(kD)         |
| Non-specific band in WB | Conform           |
| Flow Cytometry          | Conform           |
