## Specification Sheet

|                     |                                                     |
|---------------------|-----------------------------------------------------|
| Product Name:       | SARS CoV-2 N Protein Mouse mAb                      |
| SKU #:              | Ab155837                                            |
| Version:            | 1                                                   |
| Clone ID:           | C07/6H1                                             |
| Isotype:            | IgG1                                                |
| Source:             | Hybridoma supernatant                               |
| Formulation:        | Liquid                                              |
| Concentration:      | See COA                                             |
| Buffer Solution:    | PBS, pH 7.2                                         |
| Storage Conditions: | Store at -20°C, Avoid repeated freezing and thawing |

| Parameter                | Limit Values      |
|--------------------------|-------------------|
| Appearance(Ab155837Z)    | Colourless liquid |
| Molecular Weight         | 135-155(kD)       |
| Purity(SDS-PAGE)         | 90-100(%)         |
| N protein Binding (EC50) | 0-6.72(ng/ml)     |
