## Specification Sheet

|                     |                                                               |
|---------------------|---------------------------------------------------------------|
| Product Name:       | CD14 Mouse mAb (APC)                                          |
| SKU #:              | Ab210092                                                      |
| Version:            | 1                                                             |
| Clone ID:           | UCHM-1                                                        |
| Isotype:            | Mouse IgG2a                                                   |
| Source:             | Hybridoma supernatant                                         |
| Formulation:        | Liquid                                                        |
| Concentration:      | 5 µL/test                                                     |
| Buffer Solution:    | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions: | Protected from light, Store at 2-8°C. Do Not Freeze           |

| Parameter             | Limit Values                    |
|-----------------------|---------------------------------|
| Appearance(Ab210092Z) | Colourless to light blue liquid |
| Flow Cytometry        | Conform                         |
