## Specification Sheet

|                     |                                                               |
|---------------------|---------------------------------------------------------------|
| Product Name:       | Syrian hamster IgG-kappa (APC), anti-HEL                      |
| SKU #:              | Ab212185                                                      |
| Version:            | 1                                                             |
| Clone ID:           |                                                               |
| Isotype:            | Syrian hamster IgG                                            |
| Source:             | CHO supernatant                                               |
| Formulation:        | Liquid                                                        |
| Concentration:      | 0.5 mg/mL                                                     |
| Buffer Solution:    | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions: | Protected from light, Store at 2-8°C. Do Not Freeze           |

| Parameter             | Limit Values |
|-----------------------|--------------|
| Appearance(Ab212185Z) | Blue liquid  |
| Flow Cytometry        | Conform      |
