## Specification Sheet

|                     |                                                               |
|---------------------|---------------------------------------------------------------|
| Product Name:       | MUC1/CD227 Mouse mAb (FITC)                                   |
| SKU #:              | Ab213578                                                      |
| Version:            | 1                                                             |
| Clone ID:           | C595 (NCRC48)                                                 |
| Isotype:            | Mouse IgG3                                                    |
| Source:             | Hybridoma supernatant                                         |
| Formulation:        | Liquid                                                        |
| Concentration:      | 0.5 mg/mL                                                     |
| Buffer Solution:    | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions: | Protected from light, Store at 2-8°C. Do Not Freeze           |

| Parameter             | Limit Values  |
|-----------------------|---------------|
| Appearance(Ab213578Z) | Yellow liquid |
| Flow Cytometry        | Conform       |
