## Specification Sheet

|                     |                                                               |
|---------------------|---------------------------------------------------------------|
| Product Name:       | Goat Anti-Human IgG Fc (Biotin)                               |
| SKU #:              | Ab216751                                                      |
| Version:            | 1                                                             |
| Clone ID:           |                                                               |
| Isotype:            | Goat IgG                                                      |
| Source:             | Serum                                                         |
| Formulation:        | Liquid                                                        |
| Concentration:      | 1.0 mg/mL                                                     |
| Buffer Solution:    | Liquid in PBS pH 7.4, containing 1% BSA and 0.05% Proclin300. |
| Storage Conditions: | Protected from light, Store at 2-8°C. Do Not Freeze           |

| Parameter                         | Limit Values     |
|-----------------------------------|------------------|
| Appearance(Ab216751)              | Colorless Liquid |
| Flow Cytometry                    | Conform          |
| OD450 (ELISA titer $\geq 10000$ ) | $> 1$            |
| Blank                             | $< 0.2$          |
